SUPPLEMENTARY INFORMATION:

A. OMB control number, Title, and any Associated Form(s) :

Business Subcontractors, and Bankruptcy Notifications

B. Need and Uses

DoD, GSA, and NASA are combining OMB Control Nos. for the Federal Acquisition Regulation (FAR) by FAR part. This consolidation is expected to improve industry's ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the revision of OMB Control No. 9000-0069 and combines it with the previously approved information collections under OMB Control No. 9000-0196, with the new title "Indirect Cost Rate Proposals, Payments to Small Business Subcontractors, and Bankruptcy Notifications". Upon approval of this consolidated information collection, OMB Control No. 9000-0196 will be

discontinued. The burden requirements previously approved under the discontinued number will be covered under OMB Control No. 9000-0069.

This clearance covers the information that contractors must submit to comply with the following FAR requirements: **FAR 52.216-7, Allowable Cost and Payment.** This clause requires the contractor to submit an adequate final indirect cost rate proposal to the contracting officer and the auditor within the 6-month period following the expiration of each of its fiscal years. The proposed rates shall be based on the contractor's actual cost experience for that period. Paragraphs (d)(2)(iii) and (iv) of this clause provide a list of the data required to be submitted. The data is customary business financial information that the contractor can access from its automated business systems.

FAR 52.216-15, Predetermined Indirect Cost Rates. This clause repeats the requirement in the FAR clause at 52.216-7, paragraph (d), for the contractor to submit an adequate final indirect cost rate proposal, however it does not impose any additional reporting requirements.

FAR 52.242-4, Certification of Final Indirect Costs. This clause requires the contractor's final indirect cost rate proposal to be certified to establish or modify the rates used to reimburse the contractor for the costs of performing under the contract. The supporting cost data

are the cost accounting information normally prepared by organizations under sound management and accounting practices. This clause is incorporated into all solicitations and contracts that provide for establishment of final indirect cost rates, but the Department of Energy may provide an alternate clause for its Management and Operating contracts.

The contracting officer and auditor use the proposal and supporting data provided under the FAR clauses at 52.216-7, 52.216-15, and 52.242-4 to verify and analyze the indirect costs and to determine the final indirect cost rates or to prepare the Government negotiating position if negotiation of the rates is required under the contract terms.

FAR 52.242-5, Payments to Small Business Subcontractors.

This clause requires the prime contractor to self-report to the contracting officer when the prime contractor makes late or reduced payments to small business subcontractors. The notice shall include the reason(s) for making the reduced or untimely payment. The contracting officer uses the information to record the identity of contractors with a history of late or reduced payments to small business subcontractors in the Federal Awardee Performance and Integrity Information System. The contracting officer considers and evaluates the contractor's written explanation for a reduced or an untimely payment to

determine whether the reduced or untimely payment is justified.

FAR 52.242-13, Bankruptcy. This clause requires contractors to notify the contracting officer within five days after initiating the proceedings relating to bankruptcy filing. The contracting officer uses the notification received under this clause to ensure the contractor's ability to perform its government contract.
